DEATH BENEFIT

Death Benefit Proceeds

If the Insured dies prior to the Maturity Date and while this Certificate is in force, and proof of death has been provided to Us, We will pay the Death Benefit Proceeds to the Beneficiary within 30 days after the Insured's date of death. The Death Benefit Proceeds are the Death Benefit Amount less any outstanding Indebtedness subject to the Death Benefit Option in effect on the date of death.

If We fail to make payment within such 30 days, interest upon Death Benefit Proceeds will be paid from the Insured's date of death to the date the Death Benefit Proceeds are paid to the Beneficiary at the rate of interest paid by Us on proceeds left on deposit.

Death Benefit Amount

Under Death Benefit Option A, the Death Benefit Amount is the greater of:

- The Face Amount on the date of death; or
- The Minimum Death Benefit.

Under Death Benefit Option B, the Death Benefit Amount is the greater of:

- The Face Amount plus the Accumulated Value on the date of death; or
- The Minimum Death Benefit.

The Death Benefit Option which You have chosen is shown on the Schedule.

CERTIFICATE CHANGES

Changing the Terms of Your Certificate

You may request Certificate changes at any time. The types of changes allowed are explained below. We will amend Your Certificate to show the effective date of any changes by issuing an endorsement.

Any change in Your Certificate must be approved by one of Our officers. No agent has the authority to make any changes or waive any of the terms of Your Certificate. We will send You written confirmation with the effective date of the requested Certificate change.

Increasing the Face Amount

For any underwritten increase in the Face Amount We will require a supplemental application and evidence of insurability that meets our underwriting guidelines. An increase will be effective on the Monthly Deduction Day on or next following the date the application for increase is approved by Us, or on the date specified on an endorsement.

Decreasing the Face Amount

A decrease in the Face Amount will become effective on the Monthly Deduction Day following Our receipt of the request. Any such decrease will be applied in the following order:

- Against the Face Amount provided by the most recent increase;
- Against the next most recent increases successively;
- Against the Face Amount provided under the original application.

For any decrease:

- The Death Benefit Amount remaining must be as great as the Minimum Death Benefit; and

- The Face Amount must be at least \$5,000 or the Face Amount purchased by \$3.00 weekly, if greater;
- The decrease is limited to the amount that would be in compliance with the definition of life insurance, and not a modified endowment contract (MEC), as defined in the Internal Revenue Code Sections 7702 and 7702A.

Any decrease in the Face Amount will be subject to a pro rata Surrender Charge.

Changing the Death Benefit Option

You may request a change in the Death Benefit Option. If You request a change from:

- Option A to Option B: The new Face Amount will be the Death Benefit Amount less the Accumulated Value as of the effective date of the change, but not less than zero.
- Option B to Option A: The new Face Amount will be the Death Benefit Amount as of the effective date of the change.

We require evidence of insurability for a change in the Death Benefit Option if the Net Amount at Risk is being changed. The change will go into effect on the Monthly Deduction Day following the date We receive Your request for change, subject to Our underwriting guidelines.

VULCACC60000

PREMIUMS AND GRACE PERIOD

Payment of Premiums

Your first premium is due as of the Certificate Date. While the Insured is living, premiums after the first must be paid to Us. Premiums are payable monthly, or at any other frequency We may arrange with Your employer. The payment mode is subject to Our minimum premium requirements as of the Certificate Date. A premium receipt will be furnished upon request.

All premiums are payable in advance. Premium payments are flexible. This means You may choose the amount and frequency of payments.

The actual amount and frequency of premium payments will affect the Cash Value and the amount and duration of insurance.

Unscheduled Premiums

You may pay premiums at any time before the Maturity Date. We may limit the number and amount of unscheduled premiums.

Grace Period

This Certificate will enter the Grace Period if the Cash Value is insufficient to pay the Monthly Deduction. Once entered, this Certificate will remain in force for the 62-day Grace Period. The Grace Period allows You to pay all past due Monthly Deductions and loan interest charges. There is no Grace Period for the initial Monthly Deduction.

If the required premium is not paid by the end of the Grace Period, this Certificate will terminate without value. However, We will give You at least 31 days notice, prior to termination, that Your Certificate is in the Grace Period. We will advise You of the amount of premium required to keep Your Certificate in force. Such 31 days prior notice will be sent to You at Your last known address and to any assignee of record. If death occurs during the Grace Period, Monthly Deductions through the Certificate month in which death occurred will be deducted from the Death Benefit Proceeds.

If a surrender request is received within 32 days after the Grace Period commences, the Cash Value payable will not be less than the Cash Value on the Monthly Deduction Day the Grace Period started. The Monthly Deduction for the Certificate month following such Monthly Deduction Day will not be subtracted in the calculation of such Cash Value.

Continuation of Coverage

This Certificate will continue in force until the Cash Value on any Monthly Deduction Day (before subtracting the Monthly Deduction) is less than the Monthly Deduction due. At that time, this Certificate will continue to provide coverage according to the Grace Period provision. However, this Certificate will not continue past the Maturity Date.

Initial Guarantee Premium

This Certificate will not terminate before the Initial Guarantee Premium Expiry Date if on each Monthly Deduction Day before the Initial Guarantee Premium Expiry Date, the sum of premiums paid equals or exceeds:

- The sum of the Monthly Initial Guarantee Premiums for each month from the date they began, including the current month, plus
- Any Partial Surrenders and any increase in the loan amount since the start of the period for which the Initial Guarantee Premium is required.

The Monthly Initial Guarantee Premium and Initial Guarantee Premium Expiry Date are shown on the Schedule.

The Monthly Initial Guarantee Premium will be adjusted if any of the following occur:

- A supplemental benefit is added, terminated, increased, or decreased; or
- The Face Amount is increased or decreased; or
- The Certificate is reinstated.

The adjusted Monthly Initial Guarantee Premium will be required on the effective date of the change. The adjusted Monthly Initial Guarantee Premium will be shown on an endorsement to the Certificate.

Reinstatement

A Certificate which terminates in accordance with the Grace Period provision may be reinstated if it has not been surrendered for its Cash Value. To reinstate means to put back in force on a premium-paying basis. We will reinstate this Certificate if We receive:

- Your written request within 5 years after the end of the Grace Period and before the Maturity Date; and
- Evidence of good health and insurability of the Insured which meets Our underwriting guidelines; and
- Payment of enough premium to cover the next two Monthly Deductions; and
- Payment or reinstatement of any loan.

Reinstatement will be approved or disapproved by Us within 45 days after Our receipt of the application. Your application will be approved by Us if it meets our underwriting guidelines; Your application will be disapproved by Us if it does not meet Our underwriting guidelines. The reinstated Certificate will be effective from the Monthly Deduction Day on or following the date underwriting is completed by Us.

The period of time during which this Certificate was lapsed will be ignored. No premium will be due for this period. This period will not be included for purposes of determining Certificate years. The length of any remaining period during which a Surrender Charge will apply, and the amount of any such Surrender Charge, will be the same on the date of reinstatement as on the date of lapse.

The Accumulated Value at the time of the reinstatement will be:

- The Surrender Charge at the time of lapse; plus
- Any reinstatement premium received; less
- The Percentage Expense Charge; plus
- Any loan repaid or reinstated; less
- The Monthly Deduction for one month.

Any and all attached riders will be reinstated in accordance with rider provisions.

VULCAPP60000

CERTIFICATE VALUES

Accumulated Value

On the Certificate Date, the Accumulated Value will be determined as follows:

- All premiums received prior to and including the Certificate Date;
- less Percentage Expense Charges prior to and including the Certificate Date;

- less Monthly Deduction for the following Certificate month.

On each Monthly Deduction Day after the Certificate Date, the Accumulated Value will be determined as follows:

- Accumulated Value as of the last Monthly Deduction Day;
- plus Interest Earned;
- plus All premiums received since the last Monthly Deduction Day;
- less Percentage Expense Charges since the last Monthly Deduction Day;
- less Any Partial Surrenders paid since the last Monthly Deduction Day;
- less Monthly Deduction for the following Certificate month.

All calculations will be done at the end of the day on the Monthly Deduction Day.

The Accumulated Value on any day other than a Monthly Deduction Day will be:

- Accumulated Value as of the last Monthly Deduction Day;
- plus All premiums received since the last Monthly Deduction Day;
- less Percentage Expense Charges since the last Monthly Deduction Day;
- less Any Partial Surrenders paid since the last Monthly Deduction Day.

The Accumulated Value on any Certificate anniversary will be at least equal to what it would have been if the Minimum Guaranteed Interest Rate had always been credited and the Guaranteed Monthly Cost of Insurance Rates multiplied by the Percentage Rating Factor, Guaranteed Maximum Monthly Administrative Fee, Guaranteed Maximum Percentage Expense Charge and Monthly Rider Deductions, if any, had always been in effect.

Cash Value

The Cash Value of this Certificate will be equal to:

- Accumulated Value;
- less Any Surrender Charge;
- less Any Indebtedness.

Interest Earned

On each Monthly Deduction Day after the Certificate Date, the Interest Earned will be determined as the monthly interest rate times the Accumulated Value as of the last Monthly Deduction Day less Interest on Partial Surrenders since the last Monthly Deduction Day. Interest credited on Indebtedness will not exceed the Loan Interest Rate shown on the Schedule.

Additional interest may be added as follows:

- Beginning in the 11th Certificate year, an additional 0.5% may be added to the current interest rate;
- Beginning in the 16th Certificate year, an additional 1.0% may be added to the current interest rate.

Full Surrender

You may return Your Certificate to Us and request the Cash Value. The Cash Value will be calculated as of the day We receive Your request.

You may make a request for surrender at any time during the Insured's lifetime before the Maturity Date. Your Certificate will terminate on the Monthly Deduction Day on or next following the date We receive the request for full surrender.

If the Insured dies after the request for Full Surrender but prior to the date payment of the Cash Value was made, the Death Benefit will be payable and the request for Full Surrender will be canceled. If the Cash Value has already been paid, this amount will be subtracted from the Death Benefit payable.

Partial Surrender

At any time after the first Certificate year, You may withdraw a portion of the Cash Value.

A Partial Surrender will result in a reduction, equal to the withdrawal amount, to each of the following:

- Accumulated Value;

- Face Amount; and
- Death Benefit Amount.

The reduced Death Benefit Amount will be determined in accordance with the Death Benefit Option in effect.

The Partial Surrender amount is subject to the following:

- Only two Partial Surrenders will be allowed during each Certificate year;
- Your request must be made prior to the Maturity Date during the Insured's lifetime;
- Each Partial Surrender must be at least ;
- The Partial Surrender may not reduce the Cash Value below a sum equal to two Monthly Deductions; and
- The reduced amounts will never be less than zero.

A Partial Surrender Charge, as shown on the Schedule, will be deducted from Your Accumulated Value each time a Partial Surrender is made.

Payment of Cash Value Benefit

We can delay payment of Cash Values for up to six months or the period allowed by law, whichever is less. However, We cannot delay payment of a Partial Surrender if the amount is to be used to pay a premium to Us.

Monthly Deduction

The Monthly Deduction is equal to the sum of:

- The Net Amount at Risk multiplied by the Monthly Cost of Insurance Rate per \$1,000 of Net Amount at Risk divided by 1,000;
- plus Any Monthly Rider Deductions;
- plus The Monthly Administrative Fee shown on the Schedule.

Net Amount at Risk is the net amount of insurance protection provided on a monthly basis.

The Net Amount at Risk is the greater of:

- The Death Benefit Amount divided by 1.002, less the Accumulated Value; or
- The Minimum Death Benefit divided by 1.002, less the Accumulated Value.

Monthly Cost of Insurance Rate

At the beginning of each Certificate year, the Monthly Cost of Insurance Rate is determined based on the Insured's Attained Age, Rate Class, and Certificate year. For the Initial Face Amount, We will use the Rate Class on the Certificate Date. For each increase, We will use the Rate Class applicable to the increase. If Death Benefit Option B is in effect, any increase in Accumulated Value will cause an automatic increase in the Death Benefit Amount.

Such rates will never be changed to recover losses previously incurred nor to distribute gains previously realized by Us. Any change in the Monthly Cost of Insurance Rates will apply to all persons of the same age and classification whose Certificates have been in force for the same length of time.

Surrender Charge

Surrender Charges for the Initial Face Amount will apply during the first 14 Certificate years. The Surrender Charge in each Certificate year is the lesser of:

- The Accumulated Value; or
- The Initial Surrender Charge multiplied by the Percentage of Initial Surrender Charge applicable to the Certificate year. The Initial Surrender Charge and Guaranteed Maximum Percentage of Initial Surrender Charge are shown on the Schedule.

Surrender Charges for any increases in Face Amount will apply during the first 14 years following such increase.

Dividends

We will determine the dividend, if any, for this Certificate each year and credit it to this Certificate on the first day of the next Certificate year. This Certificate must be in force for a dividend to be credited to it.

We expect dividends, if any, to be small in amount and to accrue, if at all, in the later Certificate years. Each dividend will be added to the Accumulated Value unless the Owner requests payment in cash.

VULCACV60001

LOANS

Loan Value

At any time while this Certificate is in force, you may borrow from Us an amount which is equal to or less than the loan value. The loan value will be the Cash Value less:

- Loan Interest on the amount to be borrowed to the Monthly Deduction Day following the next Monthly Deduction Day; and
- An amount equal to two Monthly Deductions.

Loan Interest

The Loan Interest Rate that will be charged for Certificate loans is shown on the Schedule. Loan Interest accrues daily and will be added to this Certificate's Indebtedness and incur interest charges.

How You May Repay a Loan

You may repay part or all of a loan at any time, except that:

- Repayment may be made only while this Certificate is in force and prior to the death of the Insured; and
- A partial repayment must be at least \$25.00.

At any time Your loan exceeds the Cash Value, this Certificate will lapse. However, at least 31 days prior notice must be mailed by Us to Your last known address and to any assignee of record prior to lapse.

We Can Delay Payment

We can delay loaning You money for up to six months, or the period allowed by law, whichever is less. However, We cannot delay loaning You money if the amount is to be used to pay a premium to Us.

Obtaining a Loan

You may obtain a loan by written request and assignment of this Certificate as sole security for the loan. Each loan must be at least \$100.

VULXXLP60000

OWNER AND BENEFICIARY

Owner

The Insured is the original Owner of this Certificate unless someone else is shown as Owner in the application. Ownership may be changed in accordance with the provisions captioned **Change of Owner or Beneficiary**. During the Insured's lifetime, the Owner may exercise every right this Certificate gives or We allow. If the Owner and the Insured are not the same person, and the Owner dies during the lifetime of the Insured, the Insured will become the Owner. The Insured must notify Us if the Owner dies. All changes are subject to the rights of any assignee of record, and to any endorsement on this Certificate limiting such rights.

Beneficiary

The Beneficiary named in the application, or later changed by You, will receive the Death Benefit Proceeds upon the death of the Insured after approval of the claim. Unless You have stated otherwise, if any Beneficiary dies before the Insured, that Beneficiary's interest will pass to any other Beneficiaries according to their respective interest. If no

Beneficiary survives the Insured, the Death Benefit Proceeds will be paid to You as Owner if You are then living; otherwise the Death Benefit Proceeds will be paid to the Insured's estate.

Change of Owner or Beneficiary

You may change the Owner or the Beneficiary at any time during the lifetime of the Insured, unless the previous designation provides otherwise. To do so, send a written request to Us in a form acceptable to Us. The change will go into effect when We have recorded the change. However, after the change is recorded, it will be deemed effective as of the date of Your written request for change. The change will be subject to any payment made or action taken by Us before the request is recorded.

Common Disaster

If We cannot determine whether a Beneficiary or the Insured died first in a common disaster, We will assume that the Beneficiary died first. The Death Benefit Proceeds will be paid on this basis unless an endorsement to this Certificate provides otherwise.

VULXXOBP60000

GENERAL PROVISIONS

Assignment

During the lifetime of the Insured You may assign this Certificate as security for an obligation. Upon Your request to assign this Certificate, We will furnish a form that must be completed by You. We will not be bound by an assignment unless it is received in writing on such completed form. Two copies of the assignment must be submitted. We will retain one copy and return the other. We will not be responsible for the validity of any assignment.

Incontestability

We will not contest payment of the Death Benefit Amount after this Certificate has been in force during the Insured's lifetime for two years from the Certificate Date, except for nonpayment of premiums. We will not contest payment of any Death Benefit Amount represented by an increase in the coverage after such increase had been in effect during the Insured's lifetime for two years, except for nonpayment of premiums. We will not contest payment of any Death Benefit Amount which was reinstated after this Certificate has been in force during the Insured's lifetime for two years from the date of such reinstatement, except for nonpayment of premiums.

We can contest a reinstatement or an increase in coverage only on the basis of the information furnished in the application for such reinstatement or increase.

Suicide Exclusion

If the Insured commits suicide, while sane or insane, within two years from the Certificate Date, We will limit the Death Benefit Proceeds to the premiums paid less any loans and less any Partial Surrenders paid. If the Insured commits suicide, while sane or insane, within two years after the effective date of any increase in the coverage or any reinstatement, the Death Benefit Proceeds will be the costs of insurance associated with each increase or the reinstatement.

Misstatement of Age

If there is a misstatement of age in the application, the Death Benefit Amount will be that which would be purchased by the most recent mortality charge at the correct age.

Misstatement of Cigarette Smoking

If the usage of cigarettes is misstated, We will adjust all benefits under this Certificate to the amount that would have been provided using smoking rates.

Entire Contract

We have issued this Certificate in consideration of the application and payment of premiums. The Policy, this Certificate, the application for it, any riders, endorsements, amendments, and any application for an increase in coverage constitute

the entire contract. Any application for reinstatement will become part of the contract of reinstatement and of this Certificate. The Certificate may be changed by mutual agreement. Our agents have no authority to alter or modify any terms, conditions, or agreements of this Certificate, or to waive any of its provisions.

We rely on the statements made in the application for coverage described in this Certificate and application for any reinstatements or increases in coverage. All statements made are, in the absence of fraud, representations and not warranties. Such statements will not be used in defense to a claim under this Certificate, unless contained in a written application.

Conversion Privilege

If an Insured's eligibility under the Policy ends, coverage may be continued under this Certificate.

If the Policy terminates, the Insured shall be entitled to have issued to him, without evidence of insurability, an individual policy of life insurance without any riders. This right applies only if the Insured has had continuous coverage under this Certificate for at least five years. The new policy shall not exceed the smaller of:

- The amount in force for the Insured at termination. This amount will be reduced by any amount for which he becomes eligible, within 31 days after termination, under any group life coverage issued by Us or any other insurer; or
- \$10,000.

The new policy will be issued as follows:

- It will be any form of life insurance policy, except term insurance or a policy with disability benefits, We then have available for conversion.
- Evidence of insurability will not be required.
- The premium for the new policy will be based on the same class of risk as this Certificate, the age of the Insured at the time of conversion, and the form and amount of coverage provided.
- The new policy will take effect at the end of the 31 day period for this conversion.
- The new policy shall be in place of all coverage under this Certificate.

An Insured must take the following steps to convert:

- Make written application to Us at Our home office within 31 days after the date coverage under this Certificate ends.
- Pay, within such 31 days, the first premium for the new policy.

An Insured has coverage during the 31 day period for conversion. The amount of such coverage is the amount that can be converted. This amount will be paid as a death benefit if the Insured dies during this 31 day period. Application for conversion need not have been made. If application had been made, any premium paid for the new policy will be refunded.

Conformity With State Statutes

If any provision in this Certificate and any attached riders is in conflict with the laws which govern this Certificate and any attached riders, the provision will be deemed to be amended to conform with such laws.

Annual Report

Each year a report will be sent to You which shows the current Certificate values, premiums paid, and deductions made since the last report and any outstanding Certificate loans.

Projection of Benefits and Values

You may make a written request to Us for a projection of illustrative future Cash Values and death benefits. One projection in each Certificate year will be furnished without charge upon request. We may charge a nominal fee, not to exceed \$25.00 for each projection report furnished in excess of one per year.

Annual Meeting

You are a member of the Trustmark Mutual Holding Company. Trustmark Mutual Holding Company holds its annual meeting for the election of directors and the transaction of other business for Trustmark Mutual Holding Company each year, on a date set by the Board of Directors. We will pay the Long Term Care Facility or Assisted Living Benefit for each month the Insured remains confined in a Long Term Care or Assisted Living Facility, following the Elimination Period, for up to 25 months for all Benefit Periods combined.

For a partial month of confinement, benefits are payable on a pro-rata basis; One-thirtieth (1/30th) of the monthly benefit will be paid for each 24 hour day of confinement. If a new confinement is within the same Benefit Period as a previous confinement, benefits are resumed at the previous amount of monthly benefit.

Home Health Care and Adult Day Care Benefit: For each Benefit Period, the monthly Home Health Care or Adult Day Care Benefit is the greater of 4% of the Face Amount or 4% of the Death Benefit Amount at the end of the Elimination Period for that Benefit Period.

We will pay a benefit for Home Health Care or Adult Day Care for each month the Insured receives such care, following the Elimination Period, for up to 25 months for all Benefit Periods combined.

Benefits are payable on a pro-rata basis. One thirtieth (1/30th) of the monthly benefit will be paid for each day of Home Health Care or Adult Day Care.

Hospice Services Benefit: For each Benefit Period, the monthly Hospice Services Benefit is the greater of 4% of the Face Amount or 4% of the Death Benefit Amount at the end of the Elimination Period for that Benefit Period.

Benefits are payable on a pro-rata basis. One thirtieth (1/30th) of the monthly benefit will be paid for each day of Hospice Services.

Benefit Exceptions and Limitations

- **Irrevocable Beneficiary:** If the Certificate has an irrevocable Beneficiary(s), no rider benefits can be paid without the prior written consent of such Beneficiary(s).
- **Indebtedness:** In determining the monthly benefit amount payable, the Face Amount and Death Benefit Amount will first be reduced by the amount of any Indebtedness at the end of the Elimination Period.
- **Assignment:** Rider benefits payable are subject to and will be reduced by any assignment, or partial assignment of the Death Benefit Amount.
- **Change in Amount of Benefit:** After the start of the first Benefit Period the amount of benefit will be unaffected by changes in the Face Amount and Death Benefit Amount, except that if a Partial Surrender, a decrease in Face Amount, or a Certificate loan occurs at Your request, the amount of benefit for that Benefit Period will be redetermined. The revised benefit and future payments will be based on the Face Amount and Death Benefit Amount as they exist immediately following the Partial Surrender, decrease in Face Amount or loan.
- **Maximum Lifetime Benefit:** The total benefit payable for all Benefit Periods for all covered confinements and services combined cannot exceed the greater of the Death Benefit Amount or the Face Amount less Indebtedness, as of the start of the first Benefit Period.

Example of Benefit: Calculation of monthly benefit amounts is shown in the example below:

Monthly payment if no Indebtedness

Death Benefit Amount at end of Elimination Period	\$100,000
Face Amount at end of Elimination Period	\$100,000
4% of Death Benefit Amount	\$4,000
Monthly Payment	\$4,000
Death Benefit Amount after 1st monthly payment	\$96,000
Death Benefit Amount after 2nd monthly payment	\$92,000

Monthly payment if Indebtedness

Death Benefit Amount at end of Elimination Period	\$100,000
Face Amount at end of Elimination Period	\$100,000
Indebtedness	\$ - 6,000
Death Benefit Amount reduced by Indebtedness	\$94,000
4% of Death Benefit Amount reduced by Indebtedness	\$3,760
Monthly Payment	\$3,760
Death Benefit Amount after 1st monthly payment	\$90,240
Indebtedness after 1st monthly payment	\$5,760
Death Benefit Amount after 2nd monthly payment	\$86,480
Indebtedness after 2nd monthly payment	\$5,520

Each monthly benefit payment reduced all Certificate Values 4%. Thus, the Indebtedness is reduced 4% of \$6,000 or \$240 for each monthly payment.

Reduction of Certificate Values: Each monthly or partial monthly payment under this Rider will reduce the following Certificate Values:

- Face Amount;
- Death Benefit Amount;
- Accumulated Value;
- Surrender charges; and
- Any Indebtedness.

Values will be reduced on a monthly basis by 4% of their value on the date benefits begin. A pro-rata reduction will be made for a partial month of payment.

The Death Benefit Amount will be calculated as described in the Certificate Definitions.

Monthly Rider Deduction: The Monthly Rider Deduction for any Rider month is equal to:

- The monthly cost per \$1,000 of Face Amount; multiplied by
- The Face Amount; divided by
- 1,000.

The monthly cost per \$1,000 of Face Amount for this Rider is determined on each Rider anniversary. Any change we make will be:

- Guaranteed for one year;
- Based on Our expectations as to future experience; and
- Based on a uniform basis for Insureds of the same age and class of risk.

Any change in monthly cost will not be a result of deterioration of health.

Waiver of Monthly Deduction: During the period We are paying benefits under this Rider, We will also waive the Monthly Deduction for the Certificate and all riders. The Certificate will remain in force while we are paying benefits under this Rider.

LIFE INSURANCE BUYER'S GUIDE

This guide can help you get the most for your money when you shop for life insurance. It can help you answer questions about:

Buying Life Insurance

Deciding How Much You Need

Finding a Low Cost Policy

Things to Remember

This guide was prepared by the National Association of Insurance Commissioners according to their 1989 Model Regulation and reprinted by Trustmark Insurance Company.

The National Association of Insurance Commissioners is an association of state insurance regulatory officials. This association helps the various Insurance Departments coordinate insurance laws for the benefit of all consumers.

This Guide Does Not Endorse Any Company or Policy

BUYING LIFE INSURANCE

When you buy life insurance, you want coverage that fits your needs and doesn't cost too much.

First, decide how much you need - and for how long - and what you can afford to pay.

Next, find out what kinds of policies are available to meet your needs and pick the one that best suits you.

Then, find out what different companies charge for that kind of policy - for the amount of insurance you want. You can find important cost differences between life insurance policies by using **cost comparison indexes** as described in this guide.

It makes good sense to ask a life insurance agent or company to help you. An agent can be particularly useful in reviewing your insurance needs and in giving you information about the kinds of policies that are available. If one kind doesn't seem to fit your needs, ask about others.

This guide provides only basic information. You can get more facts from a life insurance agent or company at your public library.

What About Your Present Policy? Think twice before dropping a life insurance policy you already have to buy a new one.

It can be costly because much of what you paid in the early years of the policy you now have was used for the company's expense of selling and issuing the policy. This expense will be incurred again for a new policy.

If you are older or your health has changed, premiums for the new policy will often be higher.

You may have valuable rights and benefits in your present policy that are not in the new one.

You might be able to change your present policy or even add to it to get the coverage or benefits you now want.

Check with the agent or company that issued your present policy - get both sides of the story. In any case, don't give up your present policy until you are covered by a new one.

How Much Do You Need?

To decide how much life insurance you need, figure out what your dependents would have if you were to die now, and what they would actually need. Your new policy should come as close to making up the difference as you can afford.

In figuring what you have, count your present insurance - including any group insurance where you work, Social Security or veterans insurance. Add other assets you have - savings, investments, real estate, and personal property.

In figuring what you need, think of income for your dependents - for family living expenses, educational costs and any other future needs. Think also of cash needs - for the expenses of a final illness and for paying taxes, mortgages or other debts.

What Is The Right Kind?

All life insurance policies agree to pay an amount of money when you die. But all policies are not the same. Some provide permanent coverage and others temporary coverage. Some build up cash values and others do not. Some policies combine different kinds of insurance, and others let you change from one kind of insurance to another. Your choice should be based on your needs and what you can afford.

A wide variety of plans is being offered today. Here is a brief description of two basic kinds, term and whole life - and some combinations and variations. You can get detailed information from a life insurance agent or company.

Term Insurance covers you for a **term** of one or more years. It pays a death benefit only if you die in that term. Term insurance generally provides the largest immediate death protection for your premium dollar.

Most term insurance policies are **renewable** for one or more additional terms, even if your health has changed. Each time you renew the policy for a new term, premiums will be higher. Check the premiums at older ages and how long the policy can be continued.

Many term insurance policies can be traded before the end of a **conversion period** for a whole life policy - even if you are not in good health. Premiums for the new policy will be higher than you have been paying for the term insurance.

Whole Life Insurance covers you for as long as you live. The most common type is called **straight life** or **ordinary life** insurance - you pay the same premiums for as long as you live. These premiums can be several times higher than you pay at first for the same amount of term insurance. But they are smaller than the premiums you would eventually pay if you were to keep renewing a term policy until your later years.

Some whole life policies let you pay premiums for a shorter period such as 20 years, or until age 65. Premiums for these policies are higher than for ordinary life insurance since the premium payments are squeezed into a shorter period.

Whole life policies develop cash values. If you stop paying premiums, you can take the cash or you can use the cash value to buy continuing insurance protection for a limited time or a reduced amount. (Some term policies that provide coverage for a long period also have cash values.)

You may borrow against the cash values by taking a policy loan. Any loan and interest on the loan that you do not pay back will be deducted from the benefits if you die, or from the cash values if you stop paying premiums.

Combinations and Variations. You can combine different kinds of insurance. For example, you can buy whole life insurance for lifetime coverage and add term insurance for the period of your greatest insurance needs. Usually the term insurance is on your life - but it can also be bought for your spouse or children.

Endowment insurance policies pay a sum or income to you if you live to a certain age. If you die before then, the death benefit is paid to the person you named as beneficiary.

Other policies may have special features which allow flexibility as to premiums and coverage. Some let you choose the death benefit you want and the premium amount you can pay. The kind of insurance and coverage period are determined by these choices.

One kind of flexible premium policy, often called **universal life**, lets you vary your premium payments every year, and even skip a payment if you wish. The premiums you pay (less expense charges) go into a policy account that earns interest, and charges for the insurance are deducted from the account. Here, insurance continues as long as there is enough money in the account to pay the insurance charges.

Variable life is a special kind of insurance where the death benefits and cash values depend upon investment performance of one or more separate accounts. Be sure to get the prospectus provided by the company when buying this kind of policy. The method of cost comparison outlined in this Guide does not apply to policies of this kind.

Finding a Low Cost Policy

After you have decided which kind of life insurance is best for you, compare similar policies from different companies to find which one is likely to give you the best value for your money. A simple comparison of the premiums is not enough. There are other things to consider. For example:

Do premiums or benefits vary from year to year?

How much cash value builds up under the policy?

What part of the premiums or benefits is not guaranteed?

What is the effect of interest on money paid and received at different times on the policy?

Cost Comparison Index numbers, which you get from life insurance agents or companies, take these sorts of items into account and can point the way to better buys.

Cost Comparison Indexes. There are two types of cost comparison index numbers. Both assume you will live and pay premiums for the next 10 or 20 years.

1. **The Surrender Cost Comparison Index** helps you compare costs over a 10 or 20 year period assuming you give up (surrender) the policy and take its cash value at the end of the period. It is useful if you consider the level of cash values to be of special importance to you.
2. **The Net Payment Cost Comparison Index** helps you compare costs over a 10 or 20 year period assuming you will continue to pay premiums on your policy and do not take its cash value. It is useful if your main concern is the benefits that are to be paid at your death.

The two index numbers are the same for a policy without cash values.

Guaranteed and Illustrated Figures. Many policies provide benefits on a more favorable basis than the minimum guaranteed basis in the policy. They may do this by paying dividends, or by charging less than the maximum premium specified. Or they may do this in other ways, such as by providing higher cash values or death benefits than the minimums guaranteed in the policy. In these cases the index numbers are shown on both a guaranteed and currently illustrated basis. The currently illustrated basis reflects the company's current scale of dividends, premiums or benefits. These scales can be changed after the policy is issued, so that the actual dividends, premiums or benefits over the years can be higher or lower than those assumed in the indexes on the currently illustrated basis.

Some policies are sold only on a **guaranteed** or **fixed cost** basis. These policies do not pay dividends; the premiums and benefits are fixed at the time you buy the policy and will not change.

Using Cost Comparison Indexes. The most important thing to remember is that a policy with smaller index numbers is generally a better buy than a similar policy with larger index numbers.

Compare index numbers only for similar policies - those which provide essentially the same benefits, with premiums payable for the same length of time. Make sure they are for your age and for the kind of policy and amount you intend to buy. Remember that no one company offers the lowest cost at all ages for all kinds and amounts of insurance.

Small differences in index numbers should be disregarded, particularly where there are dividends or non guaranteed premiums or benefits. Also, small differences could easily be offset by other policy features, or differences in the quality of service from the agent or company. When you find small differences in the indexes, your choice should be based on something other than cost.

Finally, keep in mind that index numbers cannot tell you the whole story. You should also consider:

The pattern of policy benefits. Some policies have low cash values in the early years that build rapidly later on. Other policies have a more level cash value build - up. A year - by - year display of values and benefits can be very helpful. (The agent or company will give you a Policy Summary that will show benefits and premiums for selected years.)

Any special policy features that may be particularly suited to your needs.

The methods by which nonguaranteed values are calculated. For example, interest rates are an important factor in determining policy dividends. In some companies dividends reflect the average interest earnings on all policies whenever issued. In others, the dividends for policies issued in a recent year, or a group of years, reflect the interest earnings on those policies; in this case, dividends are likely to change more rapidly when interest rates change.

THINGS TO REMEMBER

Review your particular insurance needs and circumstances. Choose the kind of policy with the benefits that most closely fit your needs. Ask an agent or company to help you.

Be sure that the premiums are within your ability to pay. Don't look only at the initial premium, but take account of any later premium increase.

Ask about cost comparison index numbers and check several companies, which offer similar policies. Remember, smaller index numbers generally represent a better buy.

Don't buy life insurance unless you intend to stick with it. It can be very costly if you quit during the early years of the policy.

Read your policy carefully. Ask your agent or company about anything that is not clear to you.

Review your life insurance program with your agent or company every few years to keep up with changes in your income and your needs.
